

ARIZONA BENEFITS FUND

In November 2002, Arizona voters passed Proposition 202 which enabled the tribes to sign new compacts with the State of Arizona. The terms of the compacts state that Arizona's 15 tribes with gaming operations will contribute a portion of their Class III Net Win to the Arizona Benefits Fund.

Fifty-six percent (56%) of the contribution to the Arizona Benefits Fund is deposited into the Instructional Improvement Fund. Twenty-eight percent (28%) reimburses hospitals for uncovered trauma and emergency services. Eight percent (8%) is deposited into the Arizona Wildlife Conservation Fund and another 8% is deposited into the Tourism Fund. Tribal gaming contributions also fund the administrative and regulatory expenses of the Arizona Department of Gaming, and provide educational, prevention, and treatment resources for problem gambling.

Tribes submit these contributions to the Arizona Department of Gaming (ADOG) on a quarterly basis. ADOG then transfers the funds to the appropriate entities.
